EXPERIENCE

General Manager

Einstein Bros Bagels

2017 - Present

Austin, TX

As general manager I was responsible for overseeing day-to-day operations. I was expected to meet performance goals. Through proper management of controllable profit utilizing proper inventory, labor and expense management. While recruiting and maintaining a well developed staff and provide an outstanding customer experience.

Key Takeaways:

My experience as a General Manager has allowed me to grow as a leader and helped me to really understand the importance of teamwork. I learned to really appreciate what each and every person brings to the team. I have learned to really think on my feet and quickly and creatively solve problems in a fast pace environment. I have also learned the importance of setting goals and setting up strategies to accomplish them all well maintaining flexibility.

Apple Computing Master

Best Buy

2015 - 2017

City of Industry, CA

As an apple master it was my responsibility to accumulate knowledge and expertise on all the newest in technology through continuous learning and self-development. I was responsible for sharing my knowledge with my fellow teammates and providing unique experience for our customers. In the end helping fit customer with the products that best fulfilled their needs.

Key Takeaways:

My time as an apple master was absolutely amazing i gain so many skills. As a natural introvert I gain the confidence to come out of my shell and really share my “nerdiness” and love of tech with my co-workers and customers on a daily bases. My endless curiosity really helped me excel, because it gave me the drive i needed to learn about all the new products on the market. I became a good listener and really developed an understanding on customers needs through thousands of interactions with different customers throughout my time as apple master.

EDUCATION

Certificate in Full Stack Web Development

University of Texas at Austin

Austin , TX
